Bill,

As no-one else has bothered to congratulate you on your receipt of the PJM, allow me to do so. I feel that there will be many pleasant surprises for people who perhaps did not think that they would be anywhere in the running for the medal. I know I spoke last night to a very excited ex-RAAF Pilot who spent time flying out of Butterworth during the Emergency, and he was really pleased to have his PJM arrive in the mail yesterday.

All the best

Hey Irish ! Did you do the trip to Lord Howe in '59 on the Warrego ? When I joined Warrego in '59 was not popular. Reason being, Forecast Draft had just started. Some stokers had been on board Warrego for some time. I hadn't even joined it, and was forecast draft to Watson from it ! All turned out OK eventually. All the best.

Chillers old son, I was on Warramunga in 1959, went to Warrego when the Munga paid off in December 59. With the help of Kimbla, Warrego retrieved the wreck of the Fokker Friendship that crashed off Mackay with the loss of all onboard.. Otherwise, not a bad draught. Regards. Irish.

Retrieving the Fokker Friendship plane with the school children on board I remember that. That was a joint effort with the Swan also on the survey grounds. Warrego was there first but we did our share of the salvage operation. Just a passing moment in my six and a half years I gave the Country. Cheers.

What a great night had by all on Saturday night. Over seventy members and guests attended our Xmas function at the Torrens Parade Ground Drill Hall. Good food and dinks (how's the head douggie??). And what a hoot from the Santa's Gaurd. Just shows you don't forget all of those hours bashing about the old Bull-ring. Don't miss out on our next big function, details in the

Chefs lead the way!!!
